# Rules for Good Service

1. Use the Directory. Never try to remember a telephone number. It's all right if you do remember; but to try to remember is to begin to guess. If you have the least doubt about it, look it up and thus save time and trouble.

2. Spell out all numbers by giving each figure separately, as "Two, five, six, one," for "2561;" "two, oh, oh, four," for "2004." Avoid the use of extra words, such as "Please." (The following of this rule is essential to good service. A majority of errors in calls are directly traceable to confusion between "eighteen" and "thirteen," and "twenty-three" and "thirty-three," "three" and "please," etc., which sound so much alike over the telephone.)

3. Speak Distinctly, especially when giving the number to the operator, and when talking over a toll line. Talk into the mouth-piece.

4. Verbal orders cannot be received for new service or changes. Subscribers vacating premises should arrange for closing bill, otherwise the Company holds them responsible for all charges.

5. Answer Your Bell Promptly. A ring means a friend calling you—don't make him wait, or perhaps miss you entirely.

Do not remove the receiver from the hook Until Your Bell Stops Ringing.

6. Be Brief but Courteous to the Operators. We require them to be so to you. They have no time to converse with you; they do not know subscribers' names; they deal entirely with numbers. Courtesy, like virtue, is its own reward, but pays extra dividends in connection with telephone service. Try it.

P. S.—By the way, when you know that a false call is due entirely to your careless use of the wrong number, why not acknowledge it to the "innocent bystander" who answers the call? Why leave the Operator to shoulder the blame?

7. Call for "Information" when you can't find the telephone number you want, or to get answers to any question regarding subscribers' names, numbers, or addresses. Your regular Operator cannot answer such questions.

8. Report all line trouble to Trouble Department and inattention of Operators to Chief Operator; if not attended to promptly, communicate with manager by mail. Do not call employees at their homes.

9. Advertise That You Have a Telephone, BUT DON'T PUT ITS NUMBER ON YOUR LETTER HEADS, CARDS OR WAGONS. Why? Because this only increases the amount of trying to remember such numbers by the public, also the continued use of obsolete numbers—which in turn only hurts the service and doesn't help your business at all. Think this over. We reserve the right to change telephone numbers at any time, without notice.

10. Be Reasonable. You always are—yes, of course—but what we mean is this: It is unfortunate for us—that a telephone subscriber sees nothing, when getting service, but himself and one telephone instrument. He doesn't see the other thousands of subscribers and he gets no idea of the work we are really doing and the violent and uncertain changes in the number of calls given us at various hours of the day. Ask yourself these questions: "Does any other company or store in town wait on me so uniformly promptly, or cause me so little direct loss of time, as does the Telephone Company?" So we repeat—be reasonable in your complaints, and patient withal, if the Operator is occasionally too busy, waiting on other customers, to give you instant attention. Meanwhile we will undertake to make your average service prompt and the longer delays reasonably few and far between. When you are not satisfied with it, don't discuss the matter with the Operator, but write our Manager about it.

11. The use of profane or obscene language over the wires is positively forbidden, and the use of the local lines limited to five minutes. The Company reserve the right to disconnect or remove a telephone without notice for such cause.

12. Observe these Rules if you believe they are good ones. If not, call at our office, see our plant in operation, and give us an opportunity to convince you. For we must all work together if we are to have GOOD SERVICE.
